How to plan the perfect kitchen

YOUR GO-TO GUIDE TO GETTING IT RIGHT

Look for inspiration

"In the early planning stages, be on the lookout for kitchen looks you love. A moodboard is a great way to capture anything that appeals – cabinetry colours and textures, benchtop surfaces, paint shades and handles," says Alisa Fraser, Kinsman ambassador and former *The Block* contestant. "Collating all your favourite pictures will also help you zero in on your soulmate design." Tip: create your own moodboard using everything you love in this magazine.

Plot your wishlist

The kitchen is the hardest working room in the house, so it needs to function well. "That means you need to know exactly what you want in your new kitchen, to ensure the design and installation process runs smoothly," says Alisa.

Here are some questions to ask yourself before talking to the professionals.

- Is there a style of kitchen you really love?
- What appliances do you use in your kitchen?
- What is your budget for cabinetry, appliances and benchtops?
- Will your kitchen flow to dining, lounge or outdoor areas?
- Do you entertain a lot?
- Do you need to keep an eye on children while you cook?
- What's your storage preference? Deep drawers? Cupboards?
- What sort of benchtop? Stone? Solid surface? Laminate?
- Would you like a butler's pantry?
- Would you like a study nook in your kitchen for life admin?

8 TOP KITCHEN RENOVATION QUESTIONS

SUSAN HASLER, HEAD OF INSTORE EXPERIENCE & DESIGN AT KINSMAN, ANSWERS KEY QUESTIONS OUR DESIGNERS WILL COVER DURING YOUR FREE DESIGN APPOINTMENT.

OVERWHELMED BY ALL THE DECISIONS?

▷DESIGN YOUR DREAM KITCHEN WITH TIPS FROM THE EXPERTS

1. WHAT'S THE BEST KITCHEN LAYOUT?

"This will depend on the space you have available. The three most common kitchen designs for maximising space, efficiency and functionality are the island kitchen, which combines seating, a cooktop, sink and appliances in one design for open-plan living; the U-shaped kitchen, perfect for smaller spaces such as apartments; and the L-shaped kitchen, a versatile, social layout often featuring an island or dining table."

2. HOW DO I PICK MY CABINETRY STYLE?

"Picking your cabinetry style is all about the look you want to create for your kitchen. Kinsman offers a wide range of designs, from classic shaker doors and textured fluted or panelled cabinets to sleek, flat no-profile options for a modern feel. All doors and drawers are soft-closing and available in a variety of stylish colours, so your kitchen can be as practical as it is beautiful."

3. SHOULD I STICK WITH WHITE, OR GO COLOURFUL?

"The kitchen is the heart of your home, so you want to love the colour for years to come. Neutral, light kitchens stand the test of time and can make smaller spaces feel larger, so white is always a great choice. I especially love warmer, natural whites. Add visual interest and contrast with benchtop finishes, pendants and barstools. If you love colour, consider a two-toned design, timber tones or timeless shades of blue or green."

4. WHAT'S THE BEST BENCHTOP MATERIAL?

"No matter your style, Kinsman offers a wide range of benchtop surfaces that will create a look you'll love, from premium reinvented laminates to mineral and other materials that beautifully mimic marble, concrete, timber and more, giving your kitchen a luxurious and timeless feel."

5. WHERE SHOULD MY FRIDGE GO?

"Your fridge should be positioned for easy use and efficient movement in the kitchen. Make sure it's on a direct path to the sink and cooktop, and choose a spot that's simple to reach, since it's the appliance you'll access most often. Place your refrigerator where there is access to set down goods and flows with food preparation.

6. DO I NEED A BUTLER'S PANTRY?

"Including a butler's pantry depends on your space and kitchen requirements. If you love to entertain, a butler's pantry can be a 'must-have', letting you hide mess from guests and providing an additional cooking and prep area separate from your main kitchen.

However, great design is formed around smart storage, and a separate pantry may not even be necessary. With clever storage solutions like pull-out pantries, integrated bins, and deep inner drawers, you can achieve all the storage you need without requiring an extra pantry zone."

7. UNDER-BENCH OR WALL OVEN?

"Both are great options, and it really depends on how you like to cook," says Susan. "Under-bench ovens are perfect if you want a classic setup with your cooktop above- they save bench space and look seamless in a kitchen.

Wall ovens, on the other hand, are ideal if you bake often or like easy access, as they sit at eye level and save you from bending down.

Ultimately, it's about what works best for your layout and your cooking style- either way, you get a functional, stylish oven that fits beautifully into your kitchen."

8. THE RANGEHOOD: ON DISPLAY OR HIDDEN?

"It really comes down to how you cook and the overall look you want to achieve. Both options work beautifully.

A concealed rangehood keeps the kitchen feeling streamlined and cohesive, blending into the cabinetry for a seamless finish. Alternatively, a statement rangehood on display can create a striking focal point and add personality to the space."

NEALE WHITAKER, STYLE & DESIGN EXPERT, SHARES HIS TOP DESIGN TIPS

Read what's in and what's out in 2026- kitchens are warm, timeless and beautifully liveable, with high-contrast looks making way for natural materials, subtle textures and refined detailing.

STYLING WITH SOFT COLOUR

What's out: Brightly coloured cabinetry
What's in: Playful pastel accents

With cabinetry anchored in neutral tones, styling becomes the perfect way to introduce personality. Soft pastel accents in bar stools, small appliances, ceramics and décor add warmth and character without overpowering the space.

FROM BRIGHT WHITE TO EARTHY NEUTRALS

What's out: Blinding, bright white cabinetry
What's in: Soft, organic tones

Soft whites, alabasters and muted greens bring warmth and a natural connection to the outdoors. The result is a kitchen that feels relaxed, layered and inviting.

THE RETURN OF WARM TIMBER

What's out: Harsh timber-look finishes
What's in: Brand-new lighter and warmer timber grains

Brand-new timber-look finishes, including lighter Harbour Oak Synch and warm Russet Oak Woodgrain, bring natural warmth and versatility across both external doors and internal carcasses for cohesive interiors.

THE RISE OF SOFT CURVES

What's out: Hard, angular lines throughout
What's in: Rounded edges and gentle forms

Curved islands, Bullnose edges and softened hardware bring balance and subtle luxury. Even small, curved details can transform the overall feel.

LIGHTER, NATURAL SURFACES

What's out: Dark benchtops
What's in: Soft looks in laminates and other premium finishes

Stone-inspired surfaces in marble, quartzite and travertine looks offer timeless elegance while keeping the space light and welcoming.

A MODERN TAKE ON SHAKER

What's out: Bold Hamptons-style profiles
What's in: Slim, refined door designs

Shaker evolves in 2026. Think slimmer profiles and understated detailing for a more contemporary feel. Texture also takes centre stage, with panel-look finishes, subtle fluting and tactile surfaces adding depth without overpowering the space.

SMART STORAGE, SEAMLESS LIVING

CLEVER SOLUTIONS DESIGNED TO MAKE EVERY DAY EASIER

A beautiful kitchen starts with finishes and layout, but true functionality lies behind the doors.

Once you begin living in the space, smart storage becomes essential. Without it, even the most stunning design can fall short. Kinsman Kitchens pair considered design with durable storage solutions engineered by Hettich, created to support the way Australians cook, clean and entertain.

When everything has its place, benchtops stay clear, preparation feels effortless, and hosting becomes relaxed. Smart storage is not an add-on. It's what makes a kitchen truly work.

LIFE SHOULD BE RUMMAGE-FREE.

Take Hettich's AvanTech YOU with glass-sided drawers. Refined and minimal in appearance, their slim profiles and clear sides let you see contents from above, so utensils, plates and pantry items are instantly visible. Less searching, more doing.

Built for real kitchens, heavy pots and stacked crockery glide smoothly on full extension runners for complete access. Soft-close movement keeps everything controlled and quiet, adding calm to busy households.

PUTTING THE UNSEEN IN THE SPOTLIGHT.

Corner cupboards need not be wasted space. Hettich's intelligent corner systems bring hidden areas into full view with smooth rotating and pull-out solutions that will transform how you use your kitchen.

Shelves move forward, contents stay accessible, and nothing disappears into the back. Previously awkward spaces become highly functional storage zones.

A PLACE FOR EVERY COOKING TOOL.

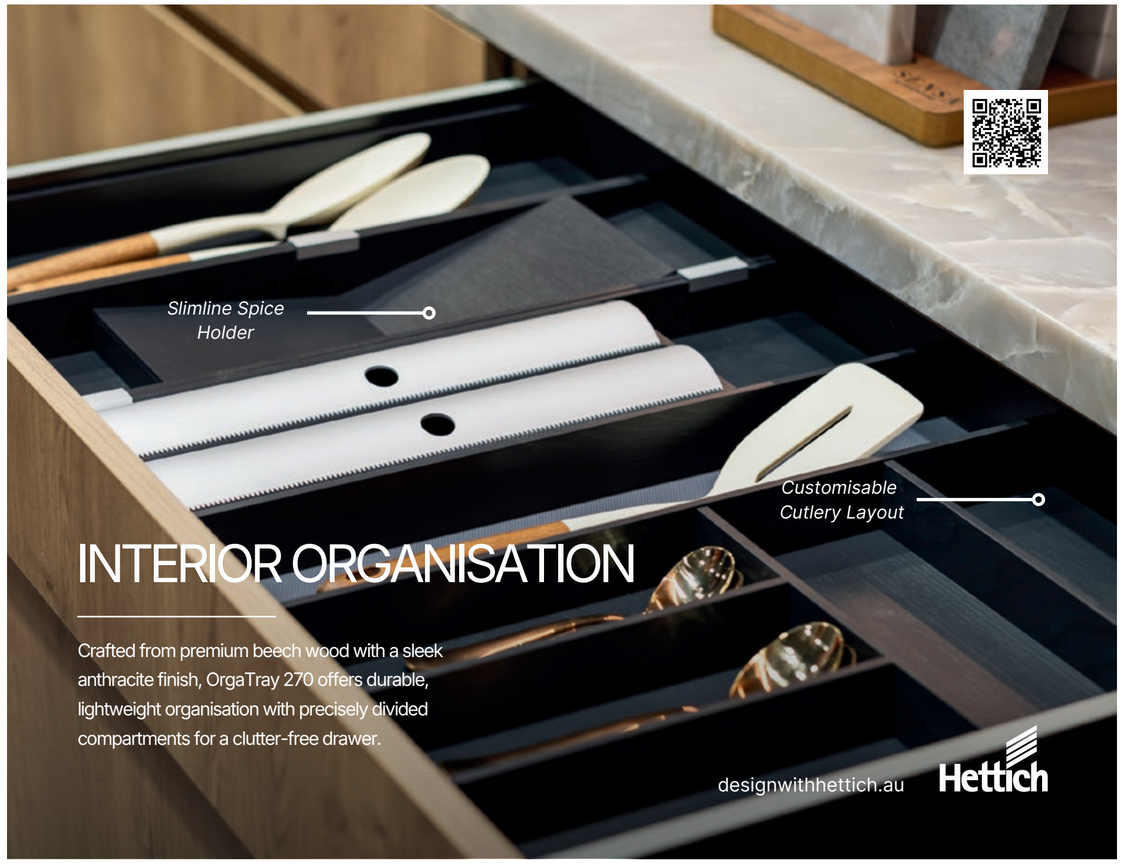

Inside the drawers, organisation matters. Hettich's OrgaStore 270 internal system integrates seamlessly with AvanTech YOU, creating structured, modular compartments.

Cutlery, knives and utensils sit neatly in place, replacing clutter with clarity. The result is a kitchen that feels ordered, efficient and effortless to use.

BEAUTIFUL KITCHENS ON THE OUTSIDE. BRILLIANT STORAGE WITHIN.

When organised from the inside out, your kitchen feels transformed. You notice it in the flow of a weeknight dinner. In the ease of setting up for guests. In the simple satisfaction of opening a drawer and seeing order rather than clutter.

When your storage works beautifully, your kitchen becomes a space you enjoy using every morning, day and night. And that has a real impact on how you and your family live.

COASTAL OASIS

WELCOME TO DARREN PALMER'S MAGICAL KINSMAN KITCHEN.

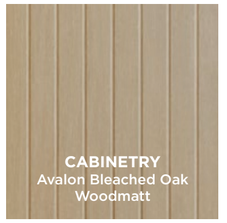

Kinsman was thrilled to partner with interior designer and The Block judge, Darren Palmer, to transform his family home in Sydney's iconic coastal suburb Bondi.

Due to its beachy location, the colour palette brief was a contemporary coastal aesthetic. Kinsman's Bleached Oak Woodmatt doors were the perfect pick, particularly as Darren selected our Avalon design which features beautiful V-groove detailing. We then paired the timber-look cabinetry with crisp white handles to bring the look together.

The kitchen is full of 'wow factor' with the banks of Avalon Coastal Oak Woodmatt cabinetry and White Matt Knurled Bar handles taking centre stage. As well as a statement island bench which doubles as a casual dining table.

SERENE SANCTUARY

KINSMAN PARTNERED WITH ALISA AND LYSANDRA FRASER AS THE KITCHEN, LAUNDRY, AND WARDROBE SPONSORS IN THEIR THE DESIGN DUO SERIES: TWIN OFF.

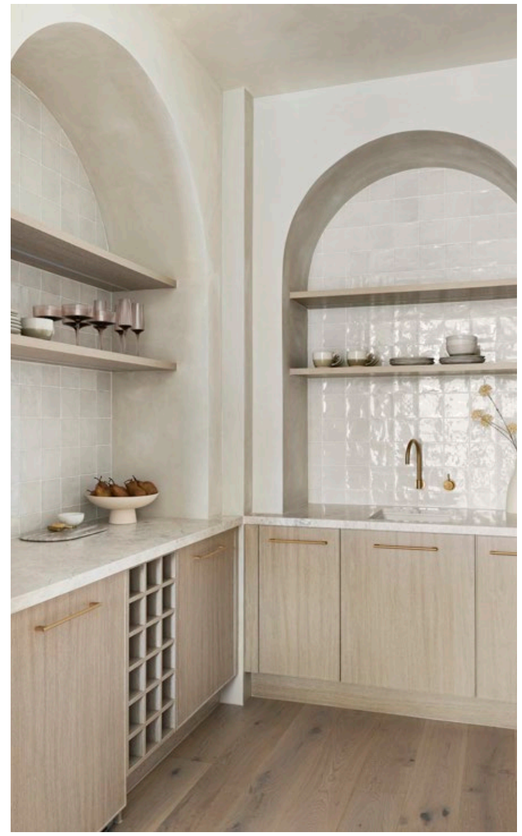

In keeping with the rest of her home, Alisa has produced a soft and serene kitchen look with a combination of our popular Camden doors, teamed with Brushed Brass Bar handles for a touch of glamour.

Alisa pared the space back, opting for no wall cabinetry to keep the space spacious and airy, which can be seen in the choice to select benchtops and splashbacks in a very similar shade to our joinery. Integrated appliances such as the fridges and dishwasher are hidden behind matching joinery panels to not distract the eye, creating a seamless look.

Balancing form and function, the kitchen and pantry offer a wealth of storage solutions such as our Ninka Bins, Inner Drawers and Cutlery Trays. A blend of drawers and cupboards feature throughout ensuring there is a place for everything. A generous island bench creates the perfect gathering place within the kitchen and home, offering plenty of seating space for friends and family to gather while entertaining.

A butler's pantry is another welcome feature within the kitchen design, allowing Alisa to hide mess away while entertaining. The neutral colour palette and finishes have been continued into the pantry which showcases arched details, brass hardware, and beautiful tiles across the splashbacks.

FORM AND FUNCTION DOVETAIL IN COUPLE'S DREAM KITCHEN DESIGN

Inspired by a neutral colour palette of white, marble and timber, this kitchen showcases Camden joinery in Oyster Grey Matt, Chadstone Prime Oak Woodmatt feature open shelves, and Antique Brass Bar handles to evoke a sophisticated look. Marble-look surfaces have been used for both the benchtops and splashbacks, bringing the look together.

Within the cabinetry, storage accessories such as a LeMans Corner Pull Out System Cross Wire Rails for Pot Drawers, Internal Drawers, and a Ninka Bin ensure that the kitchen is highly functional.

"Functionality is key when it comes to kitchen design, as well as beauty. It's a well-known fact that kitchens sell houses, so it's essential to get this room right."

HAMPTONS HAVEN

A DESIGN EXPERT DELIVERS LESSONS IN GOOD TASTE

Welcome to Berry, New South Wales, and the home of *The Block* judge, Neale Whitaker. Kinsman renovated the kitchen and laundry of the design expert's country retreat, bringing Neale's "modern rustic"' vision to life.

"Natural light abounds in this soothing haven that blends white, dove grey and marble textures to stunning effect," says Lysandra Fraser, Kinsman ambassador and former *The Block* contestant.

"It's a beauty, and you would expect nothing less from Neale."

The luxury design features a walk-in butler's pantry, island bench in a luxurious marble look and Shaker-style Somersby door profiles in Oyster Grey, combined with a section of glass overhead cabinets. "The result is a warm, well-appointed space to host family and friends," says Lysandra.

BEAUTY DEFINED

THE ESSENCE OF MODERN ELEGANCE

Luxury can mean many things, but when it comes to modern kitchen design, it stands for premium appliances, soft lighting and a whole lot of marble.

An oversized kitchen island that doubles as a bar-style space to entertain goes a long way to bringing that luxe feeling to life.

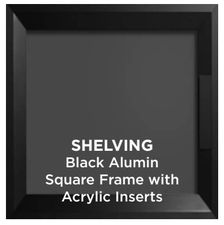

"You'll want to keep your appliances out of sight where possible, either in the butler's pantry or integrated behind cabinet doors," advises Alisa Fraser, Kinsman ambassador and former *The Block* contestant.

The one appliance that should be on show in modern luxury kitchen design? A wine fridge, of course. A wine fridge is the epitome of opulence, and is sure to impress your guests as you gather around your marble waterfall kitchen island for weekend drinks.

Don't underestimate the role that your appliances play in making a style statement in your dream kitchen.

LIGHT & BRIGHT

TRIED, TRUE AND ALWAYS TIMELESS

In a Castlecrag home in New South Wales, this modern design serves up lashings of white finishes with a touch of black for contrast.

"White just works," says Lysandra Fraser, former *The Block* contestant and Kinsman ambassador. "Unlike some hues that can date with the passing of time, white is always right. It can also make a space feel bigger, so it's a great option if you want to visually extend a snug floor plan." Inspired by modern Shaker style, this design features Kinsman's Somersby doors in Vintage White Matt, with plenty of storage in the pantry as well as under the large island benchtop.

"The modern matt black drawer handles tie in with other black accents, like the window frames and tap, to deliver a contemporary, luxe feel," says Lysandra.

BOLD & BEAUTIFUL

FUNCTIONALITY AND FORM SHINE BRIGHT IN THIS SPACE

Located just 40 minutes north of Melbourne's city centre, Sunbury is a beautiful location filled with vineyards, native wildlife and a growing foodie scene.

For homeowners Danielle and Michael, building a new home in this stunning location presented an opportunity to create their dream kitchen and laundry.

The L-shaped design of the kitchen is perfect for open-plan living, with the cooking, cleaning and prep zones all within easy reach of one another. The centerpiece of the kitchen is the generously sized island bench, which spans a generous 2.9 metres. This provides plenty of seating, additional storage and a feature Bora Induction Downdraft cooktop.

The laundry, located towards the rear of the house, mirrors many of the stylistic elements of the kitchen. The use of Kinsman's Avoca cabinetry in Vintage White Matt and cheerful teal tiles within the butler's pantry tie the two spaces together. The fluted joinery dominates the room, with white tones chosen to bounce light around the room and create a sense of space. The sleek matte black handles complement the lines of the joinery, while the wall cabinets feature Kinsman's Volpato handles for a seamless look.

"The Avoca door profile is stunning! It gives our monochrome space beautiful texture and originality; we always get compliments about it." - DANIELLE, HOMEOWNER

SUMMER DREAMING

EFFORTLESS COASTAL STYLE COMES TO LIFE

Homeowner Danielle completed a home renovation project on her beautiful property on the Mornington Peninsula, creating an open, functional, and stylish living space that she fondly refer to as 'The Treehouse.' The aim was to create a communal hub centred around the kitchen island, providing ample space for food preparation, dining, and socializing.

Optinging for white Avalon cabinetry and VJ panelling, which has been used throughout the rest of the home, with a stone benchtop measuring a 4.2 metres long and 960mm wide to create a luxurious Hamptons/Coastal feel in this kitchen.

"We now have a functional and stylish living space that meets our family's needs, and we couldn't be happier with the results." – DAN, HOMEOWNER

A stylish kitchen at a value price point – it took Kinsman to think of it. With Kinsman's Studio Kitchens Range, all cabinetry is delivered fully assembled, saving you time and money. And the best part is, you can still achieve a bespoke look, be it Scandi, country chic or industrial.

"Our Studio Kitchens Range is a curated collection of our most popular cabinet sizes and door finishes at a sharper price point," says Anouk Seer, Kinsman's Head of Design and Product.

"You then choose from a range of laminate and Caesarstone® benchtops, to tailor the look to your taste. It's a great solution for the budget-conscious."

The owner of this Scandi-style kitchen in Brighton, Victoria, went the Studio Range route, choosing a neutral palette to create a sense of space.

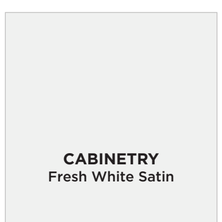

Contrasting benchtops in Caesarstone® Air Concrete and Designer Select Natural Halifax Oak Steamline add depth and interest to the space, along with the black tapware and handles.

"The timber-look accents are a master stroke, bringing the outdoors in, radiating a relaxing, natural warmth," says Anouk. "It's a joinery style the owner could easily transfer to other parts of the home, such as the laundry."

SPACE-SAVING IDEAS

FOR A SMALL LAUNDRY

BIG IDEAS FOR SMALL SPACES!

Planning a kitchen renovation? It's the perfect time to refresh your laundry too! Matching cabinetry, benchtops, and handles creates a seamless flow and gets both spaces done at once. Even a small laundry can be stylish and functional with clever storage and thoughtful design. Here are our top tips:

1. EMBRACE A NEUTRAL PALETTE

Bright whites, soft greys, timbers, and panel-look joinery create the illusion of space while keeping your laundry stylish.

2. PLAN YOUR APPLIANCE LAYOUT

Depending on your space, decide whether to keep your laundry appliances side-by-side or stacked, selecting whichever option will maximise bench space.

3. MAXIMISE BENCH SPACE

A benchtop above side-by-side appliances gives a generous folding station. Choose a moisture-resistant countertop of sufficient depth and length.

4. MAXIMISE STORAGE

Combine cupboards under sinks, open shelving for styling and essentials, and tall cabinetry for brooms, mops, and ironing boards.

5. INCLUDE INTERNAL ACCESSORIES

They're the hidden heroes of your laundry! Consider laundry hampers for sorting clothes and wire pull-outs to keep everything organised.

6. ADD A HANGING RAIL

Install a rail beneath wall cupboards for drip-drying or air-drying clothes, ensuring enough space between benches and rail for easy use.

RE-IMAGINE YOUR LAUNDRY IN ITS IDEAL FORM:
A REFLECTION OF GOOD, CLEAN MODERN LIVING.

An all-white colour palette sees a mix of Montauk Vintage White Matt cabinetry, a white subway-tiled splashback and a marble-look benchtop. The sink, tap and pull handles add a pop of brass, the choice of metallic perfect for the modern coastal vibe the client wanted to achieve.

Beyond its good looks, the layout provides plenty of storage and organisation. Deep drawers with Glass Design Sides feature below the counter, while wall cupboards with touch catch handles sit above the splashback and appliances, ensuring every inch of the laundry has been maximised. A Black Hanging Rail has been added, while LED Premium Warm Strip Lighting completes the look.

LIGHT TOUCH

Alisa collaborated with Kinsman to create a stylish and functional laundry and mudroom. The colour palette echoes that of her Coastal Luxe kitchen, mixing doors in Camden Coastal Oak Woodmatt and Amaro Smooth which is a stunning warm white tone. Polished Brass Matt Knob handles add to the glamourous look.

"In my laundry, I wanted a space that seamlessly combined functionality and style. With Kinsman's Camden Coastal Oak cabinetry, my vision came to life," says Alisa. "The warm tones of the wood perfectly complemented the coastal aesthetic I desired. The polished brass handles and touch catches added a touch of sophistication and elegance."

Balancing form and function, this room delivers storage and organisation options in spades! Must-have accessories such as the Hafele Tandem Sides and Laundry Wire Pull-outs make laundry day a breeze. The mudroom consists of a seating area, with space to store shoes underneath the bench, and tall cupboards on the other side to store linen or tall items such as brooms and mops.

LAYOUT LOGIC

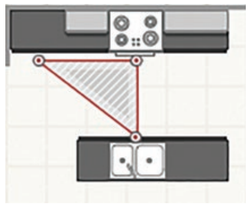

PRACTICALITY IS KEY WHEN IT COMES TO KITCHENS

The right kitchen layout will not only suit your space and your lifestyle, but enhance them. "Think carefully about how you want to use the kitchen and move within it," says Anouk Seer, Kinsman's Head of Design and Product. "Consider future use too. Will you be entertaining? Will children need a spot to do homework while you prepare dinner? They might be built for cooking, but today's kitchens do so much more. Getting it right starts with the layout."

Sleek and modern, Ricky and Haydn's walk-in wardrobe connects the master bedroom to the ensuite. Designed for visual appeal and easy organisation, it features a mix of hidden and open joinery, and plenty of wardrobe ideas.

The monochromatic colour scheme includes Vintage White Matt doors and Estella Oak interiors. Kinsman's new Harbour wardrobe cabinets, with their scalloped profile, are paired with Black Frame Glass Shelves and Bronze Bar handles for a luxurious look.

With three banks of cabinetry, wardrobe storage is plentiful. Häfele's Conero accessories, such as Glass Front Drawers, Wardrobe Lifts, and LED-lit shelving, make organising clothes, accessories, and shoes effortless.

HOUSE 4 – MASTER BEDROOM

Kylie and Brad showcased not one, but two wardrobe designs within their Master Bedroom this week. The first is a galley-style walk-in wardrobe with a warm, welcoming colour palette, featuring Kinsman's Oak Woodgrain internals and stylish Black Frame Glass Shelves. The pair opted for open joinery to create a sense of opulence and space.

In contrast, their statement makeup dresser in the bedroom is bold and modern, featuring luxurious Aluminium Framed doors with Acrylic Inserts, illuminated by vertical strip lighting. Getting ready has never looked so good!

HOUSE 5 – MASTER BEDROOM

Kristian and Mimi have created a stunning U-shaped walk-in wardrobe featuring Shaker-style Sepia Budino Walnut wardrobe cabinets with Champagne Bronze Bar handles. Since the wardrobe is visible from the master bedroom, they chose mainly closed cabinetry, with central Black Frame Glass Shelves to display fragrances, bags, and jewellery.

The French Linen interiors add elegance, complementing the timber tones. Wardrobe storage is maximised with an impressive Salice Night Excessories package from Häfele, plus organisers from the Conero range. With features including a folding mirror, Glass Front Drawers, and Shoe Storage, this winning wardrobe truly ticks all the boxes.

SHOW STOPPER

Welcome to a walk in wardrobe that dreams are made of! The large-scale U-shaped layout maximises cabinetry and storage, the central island bench taking centrestage. Topped in a stunning marble-look mineral surface from Cosentino, the island provides additional storage space thanks to several soft-close drawers featuring a series of Häfele Accessory Trays.

Kinsman's Platinum Metallic doors create a luxe feel as you enter the space, and the contrasting internal colour of the oak timber-look finish ties both the joinery and the benchtops together with the moody textures. Leather Dark Brown wardrobe door handles with Pewter Button complete the look.

The design includes Black Frame Glass Shelves on each side of the makeup station which features a Häfele Mirror. The shelving creates the perfect place to display handbags and favourite accessories, while behind closed doors a wealth of hanging space, soft-close drawers, and clever storage solutions such as the impressive Rotating Shoe Rack ensures that keeping the wardrobe organised is a breeze.

Fresh white cabinetry stars in this Hamptons-style, all-in-one living room and study.

The design features a wealth of concealed storage, as well as open shelving to display treasured books and objects.

"There is a real Hamptons luxe vibe to this study space, which has been carved into a corner of a living room – a great solution if you are short on space," says Alisa Fraser, Kinsman ambassador and former *The Block* contestant.

The all-white finishes – Vintage White Matt on the cabinetry and Supa Ultra White on the desktop – ensure a smooth flow between living and work zones.

"The Brushed Dark Bar handles provide the perfect finishing touch," says Alisa.

CORNER SUITE

A QUICK STUDY IN SCANDI STYLE

A detached studio proved the ideal spot for this work-from-home oasis from the 2020 season of *The Block*.

The study area, roomy enough for two, is integrated into a galley-style kitchen with DeLonghi coffee machine and Bosch appliances.

Created by season winners Jimmy and Tam, the Scandi-style design features a built-in desk with benchtop in Caesarstone Frozen Terra', open shelving in Chadstone Prime Oak Woodmatt and fresh white cabinetry finished with Brushed Brass T knobs.

White splashback tiles, continued from the kitchen zone, and statement wallpaper unify the look.

"The design makes great use of the available space, with plenty of room for a computer and all the essentials," says Anouk Seer, Kinsman's Head of Design and Product.

"The look is pared-back with enough storage to keep the desk surface clutter-free. The ideal working from home solution."
