Our tips for beautifully organised storage

- Style and finishes – take inspiration from other cabinetry in your home or check out our galleries for wardrobe inspiration.
- Plan how you will store your belongings – will you be folding your clothes and storing them in drawers and on shelves? Or hanging them on racks?
- Do you have a lot of longer dresses and coats that require tall storage?
- Do you mainly have shirts, pants, blouses and skirts that belong in double hanging areas to maximise your storage?
- What about your shoes and accessories?
- Looking for somewhere to keep your jewellery and documents safely tucked away?
- What's your storage style?
Happy to have everything out on display or do you prefer to hide everything away behind doors?
- Is ambient lighting important to you?
- What's the best fit for your room size and shape?

*Product availability is subject to change without notice. We make every effort to ensure the accuracy of the information published in this catalogue, however, a number of items and appliances pictured are the clients' own and not supplied by Kinsman Wardrobes.
