Our tips for beautifully organised storage

- Style and finishes – take inspiration from other cabinetry in your home or check out our galleries for wardrobe inspiration.
- Plan how you will store your belongings – will you be folding your clothes and storing them in drawers and on shelves? Or hanging them on racks?
- Do you have a lot of longer dresses and coats that require tall storage?
- Do you mainly have shirts, pants, blouses and skirts that belong in double hanging areas to maximise your storage?
- What about your shoes and accessories?
- Looking for somewhere to keep your jewellery and documents safely tucked away?
- What's your storage style?
Happy to have everything out on display or do you prefer to hide everything away behind doors?
- Is ambient lighting important to you?
- What's the best fit for your room size and shape?

*Product availability is subject to change without notice. We make every effort to ensure the accuracy of the information published in this catalogue, however, a number of items and appliances pictured are the clients' own and not supplied by Kinsman Wardrobes.

SCOTTY & TEAM

Scotty and his team selected a classic colour palette centred on whites and timbers for the Hinged Wardrobe within their Third Guest Bedroom. Shaker-style Somersby White Matt doors have been paired with Oak with White Centre Knob handles, while Oak Woodgrain interior finishes add a sense of warmth to the overall look.

Soft-close drawers, open shelving, and hanging space ensure plenty of storage space. Decorative open shelving in Oak Woodgrain on the left of the wardrobe serves two purposes. Not only does it hide an air conditioning/service duct from sight, it also provides the perfect place to display décor, books, and toys within the room.

TOM & SARAH-JANE

Tom and Sarah-Jane have once again opted for a modern yet classic colour palette for their Guest Bedroom 2 Wardrobe. Grey Shaker-style Somersby doors feature again, paired with Matt Brass Bar handles.

Within the centre of the design, the couple have included a desk topped in Caesarstone® Bianco Drift, complementing the grey cabinetry perfectly. This area has been designed to work as a study nook or a makeup table making it a multifunctional space perfect for a guest room.

Storage abounds in the wardrobe with a mixture of hanging space, soft-close drawers and open shelving finished in Kinsman's new Oak Woodgrain colourway. A Folding Mirror in Anthracite and Black Front Bar lighting which activate with sensors add to the style and functionality of the design.

Storage has been maximised with a focus on open shelving as well as hanging space and soft-close drawers. Wardrobe Lifts have been included to bring clothing within easy reach, the rail installed in the high part of the robe which can then be pulled downwards and outwards on a swing fitting.

ANKUR & SHARON

Ankur and Sharon continued to evoke a Country Luxe aesthetic for their Hinged Robe within their Second Guest Bedroom. To achieve the look, the pair combined Somersby White Matt doors, Oak Woodgrain interior finishes and Kinsman's new Flexa Leather Pull handles.

In addition to the storage within the robe thanks to hanging space, open shelves and soft-close drawers, the inclusion of a desk ensures the bedroom is a multifunctional space. Designed to be either a study area or a makeup station, this zone features a Caesarstone® Aterra Blanca desktop and new timber-look Oak Woodgrain Matt shelves.

The Guest Bedroom storage has been carefully considered in the layout, reflected in the mixture of hanging space, soft-close drawers, and open shelving. Oak Timber

Rachel and Ryan chose to bring colour and touches of heritage to their wardrobe design within their First Guest Bedroom. Central to the look are flat exterior doors in Kinsman's new shade Bonsai, which pair beautifully with Oak Timber handles.

The layout focuses on maximising storage, as well as usability, as seen in the inclusion of a bench seat in the centre of the robe. The bench allows guests to sit and get ready while enjoying the view out the window opposite. Within the robe itself, a combination of hanging space, soft-close drawers and open shelves provide plenty of organisation space, while a Folding Mirror and Black Front Bar lighting complete the look.

ANKUR & SHARON

Ankur and Sharon chose a Country Luxe style for their First Guest Bedroom Wardrobe. To achieve the look, they teamed Kinsman's Shaker-style Somersby doors in White Matt with Oak Woodgrain interiors. Their decision to include leather pull handles provides a modern and stylish twist to the farmhouse look.

Generous in size, the design ensures plenty of storage space thanks to hanging rails, drawers, and shelving. The use of pigeon-hole style compartments within one of the cabinets is an innovative and flexible solution for organising anything from shoes to clothing.

The design also includes a small yet effective study or makeup area featuring a desk topped in Caesarstone's® marble-inspired Aterra Blanca™ quartz. Timber-look open shelving above the nook connects seamlessly to the Oak Woodgrain internal finishes, allowing for decorative storage and styling.

The open design featuring Oak Woodgrain interiors creates a sense of light and space, while delivering storage in spades with a mixture of hanging space, soft-close drawers, and open shelves.

While simple in design, the couple have ensured that the closet is user-friendly for guests as well as the main homeowners who can use the storage cubes above the hanging space to store seasonal or rarely used items while keeping them within easy reach. The Folding Mirror in Anthracite is another thoughtful inclusion, allowing guests to get ready with ease within the bedroom.
